1953-62 WeatherShield® Car Cover

- "The" Ultimate Car Cover Fabric
- Repels Water Better, Keeps Car Drier, Packs Small And Light, Dries Quickly

The WeatherShield® Car Cover manufactured by Covercraft is the standard in top of the line car covers. It keeps your Corvette dryer, is softer against your paint's fine finish, dries faster and breathes better than anything on the market today. Combine that with the fact that it has special UV inhibitors and you've got an unbeatable combination. Technically speaking the fabric is different because the one-layer fabric goes thru the Nextec® encapsulation process which non-technically speaking is the very best way to make an extraordinary fabric. In fact this

process also gives this fabric a 9 out of 10 rating for simple dust protection too! The WeatherShield® cover has these quality features; double stitched seams, neoprene elastic front and rear for a snug fit and reinforced, non-scratch grommets for optional lock.
