The Super Protector® License Plate Cover

• Protects Your Privacy
 • Blurs Numbers From Side View & Overhead
 • Numbers Visible From Straight On View
 How does "The Protector" work? Photo-radar and photo-laser operate at known angles to the direction of traffic flow. Using a passive, state-of-the-art light-bending lens, the camera is unable to see the plate numbers, and identify your vehicle. The license plate is still readable from straight on.

Note: Buyer assumes all responsibility for using this product in compliance with local motor vehicle codes.
