## 1956-62 Aluminized Exhaust Pipes & Mufflers

- Stock Replacement Systems Aluminized

Replace your Corvette's rusted-out exhaust system with our aluminized coated steel exhaust pipes. The aluminized coated steel pipes and mufflers will last 3 times longer than the stock exhaust system. Our mufflers, which have stainless steel inlets and outlets and a steel case, are also backed by a manufacturer's limited lifetime warranty. We have direct replacement exhaust pipe systems and mufflers. Our direct replacement systems are bent to factory specifications. The aluminized components are made of carbon steel and coated inside and out for long life. All components are supplied with installation hardware including all necessary pipes, clamps, flanges, donut gaskets and donut gasket inserts. Does not include hangers.

▲ = All sets in this column ship FedEx oversize.

## 1956-62 Aluminized Exhaust Systems

Includes All pipes, flanges, sleeves, donut gasket, clamps and mufflers. Hangers sold separately.

88-0288-1	Black	10.99 ea.

## Thermo-Tec Aluminum Hi-Heat Exhaust Wrap Coating

- Will Also Work On Metal Surfaces
- Seals Pores To Minimize Penetration Of Harmful Liquids
- 11 Oz. Spray Can

88-0175-1	Cannot Ship By Air	12.99 ea.
-----------	--------------------	-----------

## POR-15® Exhaust Manifold Paint

Restores 1955-79 cast iron exhaust manifolds to original gray color. Just brush it on or use a spray gun if desired. Cannot be shipped by air. One pint.

88-0266-1	34.99 ea.
-----------	-----------

## Calyx Exhaust Manifold Dressing

To keep your cast iron exhaust manifolds looking concours prepared perfect, use Calyx Manifold Dressing. It applies with a flannel cloth and polishes to a silver shine in seconds. After the manifold is prepared with calyx, apply when necessary, very little upkeep is required. Application of the dressing does not require removal of the manifolds. Calyx Manifold Dressing will not burn and is non-toxic. One container, 3 ounces, will do 3 sets of cast iron exhaust manifolds.

48-0260-1 18.99 ea.

## Stainless Steel Exhaust Clamp

- Corrosive Resistant

Keep your muffler in place with strong, reliable stainless steel clamps.

- Includes: Cross Gear (Improved Model), Coupling, Thrush Washer, Set Screw, Thread Guide Tool & Tap Guide Tool

49056

74.99 kit

## 1962 Dura-Last Tach Cross Gear Kit

- With OE Distributor
- Eliminates Tachometer Failure
- Won't Destroy Mainshaft Gears
- Stainless Steel Or Bronze Construction

Before your stock tachometer drive gear destroys the distributor mainshaft, replace it with our Dura-Last Tachometer Cross Gear Assembly manufactured by High Tech Innovations. The factory tachometer drive gear doesn't get adequate lubrication causing metal to metal friction between it and the coupler. Then the drive gear seizes, shearing the teeth off the distributor mainshaft. Our Dura-Last gear assembly eliminates this problem because we put needle bearings between the gear and coupler. The bearings won't wear out and stay lubricated for a lifetime. Installation of the assembly takes about 5 minutes with regular hand tools.

A2501 Stainless Steel 99.99 kit

22657 Bronze

83.99 kit

## 1962 Bronze Replacement Cross Gear

- With OE Distributor

Coupling is made of bearing bronze material that ensures better wear than the original. The gear shaft bearing contact surface length has been increased for more support and longer wear. Gear included.

27280

59.99 ea.

## 1962 Bronze Distributor Tach Cross Gear Button

- Use With OE Distributor

Bronze distributor button will outlast factory nylon button, providing years of precise distributor shaft stabilization.
