Silicone Brake Fluid

- **Not For Use With ABS Brakes**
- **Won't Absorb Water**

Ideal for Corvettes which are infrequently driven.

A5240 (Requires 2) 19.99 qt.
 Buy 2 and **SAVE** 16.99 qt.

1953-62 Front Disc Brake Conversion Kit With Dual Master Cylinder

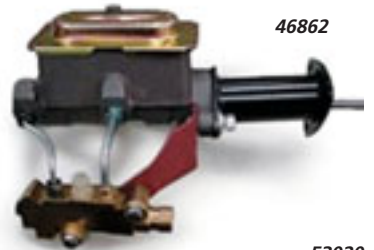

- **Ideal Safety & Brake Improvement Upgrade**
- **Bolt-On Installation**

With this kit you get the huge benefit of disc brakes and the safety of a dual master cylinder on a classic C1 Corvette. The disc brakes provide a huge improvement in stopping and the dual master cylinder insures you still have stopping power should one or the other reservoirs fail to work. The kit includes everything you need for a complete conversion and installs in about 5 hours. Components of the kit are: brake rotors, brake calipers, brake pads, caliper mounting brackets, roller bearings, rubber brake hoses, spindle adapters, dual master cylinder, master cylinder mounting bracket, proportioning valve and all necessary mounting hardware.

46861 Disc Brake Upgrade Kit 759.99 kit
Requires wheels to clear calipers

1953-62 Dual Master Cylinder Upgrade Kit

- **Excellent Safety Upgrade**
- **Provides Separated Master Cylinder For Front & Back Brakes**
- **Bolt-On Installation**

46862

For C1 Corvettes one of the best safety improvements you can make is to add a dual master cylinder. It provides a separated brake reservoir for the front and rear brakes. This kit can be installed on drum brake cars or it can be used with Eckler's Front Disc Brake Conversion Kit p/n 30140. The kit is easy to install and includes the dual master cylinder, mounting bracket, heim jointed master cylinder rod, proportioning valve, brake lines and necessary mounting hardware.

53020	Proportioning Valve S/S Bracket	49.99 ea.
53019	Chrome Proportioning Valve	79.99 ea.

1953-62 Front Disc Brake Conversion Kit

- **Completely Bolt-On Kit**
- **Greatly Improves Braking**

Without so much as drilling one hole or modifying one part, you can bolt-on improved braking. This kit includes two calipers, brake pads, rotors, rubber brake lines, wheel bearings, spindle adapters, caliper mounting brackets and grade 8 hardware. The kit installs in about 4 hours and includes instructions.

30140 529.99 kit
Requires wheels to clear calipers
